CURE FOR SEASICKNESS.

Ship's Doctor Devise a Sort of "Dance du Ventre" for This Ailment.

What has not been experimented with to preserve one from or to cure seasickness? M. Widmann, a ship's doctor, has proposed one which does not lack originality.

As soon as the first symptoms of seasickness are felt (headache, vertigo, and a particular sensation in the pit of the stomach), the person affected must stand up, with the feet apart, near some fixed support, such as a vertical rod or bar, which is firmly grasped with both hands about shoulder-high. If possible, it is better to hold something with each hand.

Standing thus, in a comparatively stable position, the patient should commence a series of movements, having for their object to effect an uninterruptedly, but slow and gentle, massage of the abdominal parts.

This massage is obtained by giving the abdomen alternate backward and forward and forward and backward movements, at a speed and amplitude at first very restricted; or, if preferred, the movements can be made from right to left, and from left to right.

In executing this exercise one must take care to look steadily at the horizon at some distant point not affected by the oscillation of the ship. If it is possible to find one, in any case, one must not look at one's feet.

The vertigo felt by a person suffering from seasickness in all probability gives rise to the special spasm, which sooner or later result in more or less violent convulsions of the muscles near the pit of the stomach. Massage, in whatever manner it is effected, stops this hyperexcitability; just as it suffices to massage a calf affected by a sudden cramp to bring back the complete calm which existed before the attack occurred.

GOLF CAUSE OF DISEASE.

Scotch Game Is One Among Many Reasons for Deafening Drum of Ear—Nervousness Mentioned.

The observant cannot have failed to notice during the last few years a remarkable increase in the use by persons of all ages and classes of ear trumpets and other contrivances to assist the sense of hearing. To what can this modern ailment of half deafness be due? asks a London exchange.

An elderly practitioner, speaking from a lengthy experience, declares that the frequent use of the telephone was a prolific cause of unequal hearing. Ninety-nine persons out of 100 listen with the left ear to the telephone receiver.

The left ear thus gradually becomes more sensitive and acute; that has met Ballard's Horehound Syrup in its crusade on coughs, influenza, bronchitis and all pulmonary troubles—has started the public to thinking of this wonderful preparation.

Soistica Cured After Twenty Years of Torture.

For more than twenty years Mr. J. B. Massey, of 3322 Clinton St., Minneapolis, Minn., was tortured by sciatica. The pain and suffering which he endured during this time is beyond comprehension. Nothing gave him any permanent relief until he used Chamberlain's Pain Balm. One application of that liniment relieved the pain and made sleep and rest possible, and less than one bottle has effected a permanent cure. Mr. Massey relates his experience for the benefit of others who may be similarly afflicted. If troubled with sciatica or rheumatism why not try a 25-cent bottle of Pain Balm and see for yourself how quickly it relieves the pain. For sale by L. L. Elgin and Anderson & Fowler, the up-to-date druggists of Hopkinsville.

GUS COULTER,

Former State Auditor, is No More.

Mr. Gus G. Coulter died at his home in Mayfield, Ky., May, 1906, at 6:20 a. m. He had been confined to his bed two weeks, says the Mayfield Messenger.

He was taken with inflammatory rheumatism and suffered severely until a few days ago, when his brain became affected, from the effects of which he had been in a state of unconsciousness most all of the time until his death.

Gus G. Coulter was born at Briensburg, Marshall county, Ky., August 15th, 1861. He was a son of the late Claude C. Coulter, whose wife was Miss Belle Archer, who was born and raised in Graves county, but having married in Marshall county he resided there for a few years after his marriage, during which time was born to him this son, named Gus Given Coulter.

In 1898 Mr. Coulter became a Democratic candidate for State Auditor and was nominated at the Music Hall convention, which met in Louisville in 1899, on the ticket with Gov. William Goebel. He was elected to the position of State Auditor the following November, which position he held for four years, during which time he made one of the most capable State Auditors the State has ever had.

After his term as Auditor expired he returned to Mayfield, where he and his brother Harry A. Coulter, purchased a large tract of land, which has been stocked with some of the finest stock in the State.

He was married to Miss Hester Anderson, daughter of Edwin and Elizabeth Anderson, March 6, 1888.

Miss Dorcas Mason has accepted a position as cashier at Cooper's grocery.

OLDEST ROSE BUSH

Has Blossomed Every Season Since 1806.

On the farm of J. F. Meacham, a few miles from town on the Antioch road, is a rose bush that has bloomed every year for 100 years. The house occupied by Mr. Meacham was built in 1802 and four years afterwards Thomas Kirkman, who settled the place, bought a pink tea rose, blooming in clusters, from a nursery in North Carolina and set it out under the window of his new house. It stands on the same spot to-day and is now bearing its one hundredth crop of blossoms. The bush is large and vigorous and seems good for 100 years more. Thomas Kirkman was a brother of the man for whom the town of Kirkmansville was named. The place he cut out of the wilderness was in course of time sold and has changed hands several times, but the house remains as he built it and the pink rose he planted under the window has given forth its fragrance to generation after generation. The present owner of the place bought it 30 years ago and he cherishes the ancient rose as an heirloom connecting the living present with the dead past. Hundreds of scions have been transplanted and the rose that Tom Kirkman planted has lived on and on and gladdened many a heart and home. At the time he bought the old rose two of his neighbors named Nuckolls and Dupuy each bought one of the same kind, but these have long since died and been forgotten.

It would be well for those with a fondness for genuine antiques to buy a sprout from this old bush that ante-dates by many years the "oldest inhabitant" of to-day. We doubt if there is an older rose bush in Kentucky than this one.

The Better Way

The tissues of the throat are inflamed and irritated; you cough, and there is more irritation—more coughing. You take a cough mixture and it eases the irritation—for a while. You take

SCOTT'S EMULSION

and it cures the cold. That's what is necessary. It soothes the throat because it reduces the irritation; cures the cold because it drives out the inflammation; builds up the weakened tissues because it nourishes them back to their natural strength. That's how Scott's Emulsion deals with a sore throat, a cough, a cold, or bronchitis.

New York Life.

Hopkinsville, Ky., April 30th, 1906.
Mr. Walter F. Garnett, Agent,
New York Life Insurance Co., City.

Dear Sir:—It gives me pleasure to acknowledge receipt of statement of optional settlement on 20-Payment Life Policy, No. 223,593, for \$1,500.00, issued at age 35, with premium of \$52.50, taken out with you Apr. 29, '86. After having been insured for 20 years, I am offered a paid up policy for \$1,500 and a cash dividend of \$405.85, or the total value may be withdrawn in cash—\$1,215.85, (which is more than I have paid in the 20 years) or a fully paid up policy payable at my death for \$2,219.00. The cash settlement of \$1,215.85 is equal to Term Insurance at \$12.87 per \$1,000 and an investment of the balance of premiums with 5 1/2 per cent, compound interest for twenty years. This showing is certainly a creditable one for the New York Life, and I will be pleased to give you my application for \$1,000 on the Ordinary Life plan.

Yours very truly, C. E. WEST.

WHAT IS NEEDED

To Complete the Handsome
Y. M. C. A. Building.

Henderson's Y. M. C. A. building is not completed on account of money being short, but last week a determined lot of citizens started out to raise the amount needed before night and doubtless accomplished what they started out for.

Our Y. M. C. A. building walls are

finished, "the lid is on" and windows in. We make no criticism for the building not being completed, and believe the gentleman composing the committee will make a rush as soon as they see the way open for it. But "the public" wants to see the building completed and open, and "the public ought to do the handsome thing and come down with the stamps."

A gentleman has agreed to do more than his share in equipping the "gym" when the building proper is finished, and what is needed now is for "the public" to get a move on itself and help the ones who have

been carrying the load for over a year. We have not attempted to locate the cause of work being stopped, but have heard that it was a need of funds. If that be true, though we have no suggestion as to maneuver, steps should be taken to arouse enthusiasm and push the handsome building to completion.

It has been over a year since work was begun on the foundation, and such slow progress is not calculated to favorably impress strangers as to our "goaheadativeness." We are not accustomed to letting things move so slowly, and a new enthusiasm should be aroused and the build-

ing completed and opened up in a short time.

Made Happy for Life.

Great happiness came into the home of S. C. Blair, school superintendent at St. Albans, W. Va., when his little daughter was restored from the dreadful complaint he names. He says "My little daughter had St. Vitus' Dance, which yielded to no treatment but grew steadily worse until as a last resort we tried Electric Bitters, and I rejoice to say three bottles effected a complete cure." Quick, sure cure for nervous complaints, general debility, female weakness, impoverished blood and malaria. Guaranteed by R. C. Hardwick's drug store. Price 50c.

In Less Than an Hour Sunday Mercury Dropped to About 30.

Sunday afternoon the mercury took a rise in the tube, climbing up to about 80 degrees. In less than an hour a strong gale was blowing from the West and people who had been sweltering from midsummer heat were hunting up coats and wraps to keep comfortable outdoors. The cold wind was the ragged end of a storm that prevailed in the West and northwest, snow falling in the latter section to the depth of two or three inches.

During Sunday night rain fell and early Monday morning early risers saw a slight fall of snowflakes, blown in from the West. The stray flakes melted as fast as they struck the ground. Yesterday was windy and cold, the clouds obscuring the sun, and the temperature being low enough to cause pedestrians to wear overcoats. Many of the stores, where it was possible, had fires made for people who got chilled while coming in from the country.

The rain in the city was light, but in some sections of the country farmers had tired of waiting for a season for tobacco planting and Saturday and yesterday were making good headway putting out plants, watering them in the hill. We have heard good reports as to how tobacco plants stood the innovation. People who had made contracts with the canning factory to put out a good acreage of tomato plants also made a season, and are pleased with the manner the plants stood transplanting.

A Year of Blood.

The year 1908 will long be remembered in the home of F. N. Tackett, of Alliance, Ky., as a year of blood, which flowed so copiously from Mr. Tackett's lungs that death seemed very near. He writes, "Severe bleeding from the lungs and a frightful cough had brought me at death's door, when I began taking Dr. King's New Discovery for Consumption, with the astonishing result that after taking four bottles I was completely restored and, as time has proven, completely cured." Guaranteed for sore lungs, coughs and colds at R. C. Hardwick's drug store. Price 50c and \$1. Trial bottle free.

GOOD RAIN

The drouth was broken Sunday afternoon in South Christian by a hard rain with thunderstorm accompaniments. At Kennedy it was quite severe and several trees were struck by lightning, but so far as heard no great damage was done. The rain was hard enough to make a good tobacco season and yesterday much of the crop was planted, thereby relieving the tenor over planted scraping.

From every land and every clime Kentuckians will turn their steps and set their faces toward the old home for the week of June 13-17, when a grand reunion of all former residents of the Blue Grass State will be held under the auspices of the Louisville Commercial Club. Louisville will be the mecca of the pilgrims and it is conservatively estimated that 100,000 visitors will be in the metropolis of the Blue Grass State during Home-Coming week.

The suggestion of Home-Coming week, which came from Miss Louise Lee Hardin, of Denver, Colo., has led to one of the greatest gatherings ever held in the country. Though "Old Home Weeks" have been held in the New England States for many years, Kentucky is the first to invite all of its absent sons and daughters to return to one city at one time, and it is the first which has attempted to secure the name and address of every former resident of the state. How great this task was may be judged by the fact that there are now living in other states and territories over 600,000 native born Kentuckians. The Blue Grass State has given of her best citizenship to the upbuilding of other states. Especially in the central and western parts of the United States have Kentuckians gone in great numbers. Indiana has about 60,000, Missouri over 88,000, etc. In every walk of life, in politics, in law, in medicine, in business, Kentuckians have always been in the forefront. In Lincoln and in Davis, the state gave both to the North and to the South the war presidents.

To Missouri she has furnished one-half her governors and many of her congressmen and senators. The list might be extended indefinitely were the high rank among the distinguished men of their day named. The Breckinridges, Clays, Crittendens, Marshalls and others have in every generation taken a prominent part in the affairs of the state and the nation.

The invitations to attend Home-Coming week have met with enthusiastic responses from former Kentuckians in every part of the world. Acceptances numbering about 50,000 have been received from every state in the Union and from fifteen foreign countries.

The preparations for the entertainment during Home-Coming week have been made on an elaborate scale. The citizens of Louisville are raising the sum of \$3,000 to be devoted exclusively to this purpose. Five parades, the unveiling of two statues, airship flights and many other features have been decided on. The programme for the four days has been arranged with a view to recalling in the most attractive and beautiful form the history of the state.

The first day, June 13, will be given over to welcoming and registering the guests. In the new armory building in Louisville, the second largest of its kind in the United States, which will be the general headquarters for Home-Coming week, headquarters will be opened. These headquarters will be in charge of a hostess and a commissioner named from each county by Governor J. C. W. Beckham. Here the visitors will register and receive badges showing the county of their birth. The formal address of welcome will be delivered by the Hon. Henry Watterson, editor of the Courier-Journal, and the response will be made by the Hon. David R. Francis, formerly governor of Missouri, and the head of the Louisiana Purchase exposition. Other distinguished Kentuckians who will be on the programme during the week are Associate Justice John M. Harlan from Washington, D. C., former Vice-President Adlai E. Stevenson, of Springfield, Ill.; former United States Senator Wm. Lindsay and John G. Carlisle, of New York City; former Governor Thos. G. Crittenden, of Missouri; Governor E. W. Hoob, of Kansas; Senator S. H. Paine, of Washington; Senator Shelby R. Culom, of Illinois; former governors of Kentucky Proctor Knott, Simon

Bohler Buehner, Wm. O. Bradley and Preston H. Leslie, who has also served Kentucky as chief executive in recent years. In the afternoon a magnificent floral parade of automobiles and carriages will be given and many handsome prizes will be awarded.

The ceremonies of the second day will be in honor of the memory of Stephen Collins Foster. A life size statue of the composer of Kentucky's cradle song, "My Old Kentucky Home," is now being made by J. L. Rupp, the sculptor, and will be unveiled on that day. One of the honored guests will be Mrs. Marion Foster Walsh, of Allegheny, Pa., the only child of the famous composer. A chorus of a thousand voices will sing Foster's songs. The bands of Louisville and those employed for Home-Coming week will be arranged as one and will together play the song that has done so much to attach every Kentuckian to his native state.

Daniel Boone, the hardy pioneer, is chiefly responsible for the colonization of Kentucky, and who, when he first saw the dark and bloody ground, declared it to be a park and not a wilderness, will be honored on Friday, which will be known as Boone day. The exercises of the day will be typical of the period in which Boone lived. Following the unveiling of the statue of Boone, made by Miss Edith Vandell, and which has been presented to the city by one of her wealthy citizens, the visitors will gather in Cherokee Park, the most beautiful spot in the Park City. Here a fort and stockade, modeled after Boonesboro, will be built and a mimic reproduction of an encounter between the settlers and the Indians will be given. The victory of the settlers will be celebrated with old-fashioned games, apple parings, sewing bees and other simple amusements which the pioneers greatly enjoyed. A Virginia reel will be danced on a platform which shall be built to hold a thousand couples. At night an allegorical pageant, the theme of which will be the history of Kentucky, will be the center of interest. This pageant is expected to prove the most spectacular event of the week, and it is believed that it will surpass in gorgeousness the annual shows given during the Mardi Gras festivals in New Orleans. Immediately after the parade has covered the life of the state, the military band will enter the new armory building, where Daniel Boone will be presented to one of the most beautiful of Kentucky's young women, who will represent the new Kentucky, and who, together with the pioneer, will lead off the grand march, which will open the ball. The ball itself will be the biggest of its kind ever held south of the Ohio river. The dancing floor in the new armory will accommodate between 8,000 and 10,000 persons.

Kentucky orators and poets will have their day on Saturday, which will be known as Greater Kentucky day. An old-fashioned Kentucky barbecue will be held in Shawnee park on the bank of the beautiful Ohio.

Until we meet again will be the spirit of Sunday, the closing day of the reunion.

Following the Home-Coming week in Louisville County Home-Coming will be held by nearly every county in Kentucky. The business organizations of each county has appointed committees who, with the commissioners appointed by Governor Beckham, is preparing to take back from Louisville to each county all natives and former residents. The entertainment of the County Home-Coming will be simpler than that planned for Louisville, and with the exception of several formal orations and a large county picnic, it has been thought that the visitors would find the greatest enjoyment in seeing their relatives and friends, and spending the days visiting well remembered spots in the neighborhood of their former homes.

Elected Officers Saturday Night and Adjourned Sunday Night.

The annual convention of Kentucky Universalists, which had been in session at the church in this city for three days, closed Sunday night with a sermon by Rev. J. M. Rasmussen, pastor of the local church, a reception of members and celebration of the Lord's supper. The Sunday morning exercises consisted of a meeting of the Sunday-school and a sermon. The election of officers took place Saturday afternoon. Mr. J. W. Long, of Madisonville, was re-elected president; Thomas Logan, of Charleston, Hopkins county, was chosen vice-president, and Miss Maggie Clark, of Crofton, was elected secretary and treasurer. Consolation church, this county, was selected as the place for holding the semi-annual convention October next.

BIG LAMB SALE.

Nearly Two Thousand Head Disposed of at Outcry.

At Goodlettsville, Tenn., Saturday the first lamb sale of the year was held and 1,800 lambs were sold for \$1.50 each. They go to eastern markets. The sale was held by the Lamb Club, an association of lamb growers of the Goodlettsville neighborhood. The growers call for bids and the entire delivery is sold to the highest bidder. Another sale is set for June 26, at which it is expected the delivery will amount to between 1,200 and 1,500 lambs. Several carloads of cattle will also be sold about the same time under similar conditions.

NEW LAW.

Will Soon Make Bed-scrapping Serious Offense.

A new law passed by the last Legislature making it a felony to destroy tobacco plants, will become effective on June 12th, after which date the penalty for scraping a tobacco bed will be from one to three years in the penitentiary.

Sudden Deaths.

There is a disease prevailing in this county most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste a way cell by cell. Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy. It corrects inability to hold urine and soothing pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. Swamp-Root is pleasant to take and is sold by druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

TENT MEETING.

Evangelist Jones Will Conduct Series Commencing Sunday.

A tent meeting under the direction of Hille's chapel church will begin next Sunday in a tent on Cleveland avenue. Evangelist N. A. Jones will conduct the meeting, with W. H. Allen in charge of the song service. The meeting will continue indefinitely. Everybody invited.

Colored Applicants For Certificates to Teach.

The first examination of applicants for teachers' positions in the colored schools of the county was held last Friday and Saturday. There were sixty-three applicants. The papers will be graded this week and those who took the examination will be notified of the result about Saturday or Monday. As applicants appear for examination they are always registered by numbers. At the examination last week none wanted No. 13, and this number was finally passed without a name being registered against it, it being considered a "hoo-doo." In the white examination May 18 and 19, the party whose name appeared opposite No. 13 failed to pass.

The seventeen white applicants, who passed at this examination, were issued certificates yesterday—six, first class; eight, second class, and three, third class.

The other examinations of whites this summer will be held the third Friday and Saturday in June, July and August, and the colored examinations will be held a week later in each of the above mentioned months.

Famous Strike Breakers.

The most famous strike breakers in the land are Dr. King's New Life Pills. When liver and bowels go on strike, they quickly settle the trouble, and the purifying work goes right on. Best cure for constipation, headache and dizziness. 25c at R. C. Hardwick's drug store.

Police Items.

There was a slight ripple among the police Friday and Saturday. A negro man was arrested for running an express wagon without license, Friday, and Saturday two young bloods were pulled for breach of peace.

Had a Close Call.

"A dangerous surgical operation, involving the removal of a malignant ulcer, as large as my hand, from my daughter's hip was prevented by the application of Bucklen's Arnica Salve," says A. C. Stickel, of Miletus, W. Va. "Persistent use of the Salve completely cured it." Cures Cuts, Burns and Injuries. 25c at R. C. Hardwick's drug store.
